Notes on Field Contents

\$a/0 Gender of Entity

1-character alphabetic code is used to describe the gender of the entity identified in the 200 authorized access point.

a	female	The entity in field 200 is female.
b	male	The entity in field 200 is male.
c	transgender	The entity in field 200 has changed gender.
u	unknown	The gender of the entity in field 200 cannot be determined.
x	not applicable	The entity in field 200 does not have a gender.

\$a/1 Differentiated or Undifferentiated Personal Name

1-character alphabetic code is used to distinguish differentiated or undifferentiated personal names.

a	differentiated personal name	The authority record identifies a single identity, because the entity in field 200 is distinguished from all other entities of the same name by the addition of qualifying data, e.g.: dates of birth or death; title of nobility; honorifics and terms of address; descriptive epithets and other additions defined by the cataloguing rules used by the agency.
b	undifferentiated personal name	The authority record may identify several identities because the entity in field 200 cannot be distinguished from other entities of the same name.
