

## 451 OTHER EDITION IN THE SAME MEDIUM

The specifications below are in addition to those given at the beginning of this block under 4--STRUCTURE OF LINKING ENTRY FIELDS.

### Field Definition

This field is used to link the item being catalogued to another edition, state or version of that item that is in the same medium, such as another printed edition produced in a different language, or to link a print to another impression derived from the same plate.

### Notes on Field Contents

This field may be used to link to other editions of continuing resources (EX 1) or monographs (EX 2).

### Related Fields

#### 452 OTHER EDITION IN ANOTHER MEDIUM

Field 452 also expresses links to other editions or versions of the item being catalogued; however, these other editions are in a different medium. For example the item being catalogued is a printed book and the other edition is in microform.

The agency preparing the record makes links to the records of earlier editions of items if they already exists on the database, although it also enters bibliographic history notes in the record. Thus there is no need to generate a note from the 451 field. BLN6956090 is the record identifier of the earlier edition.
