

447 MERGED WITH ... AND ... TO FORM ...

Field Definition and Scope

This field is used to link the continuing resource being catalogued to other continuing resources with which it merged and to the resource which was the product of the merger.

The specifications below are in addition to those given at the block under 4-- LINKING ENTRY BLOCK.

Occurrence

Optional. This field must be repeated. The final occurrence of the field relates to the product of the merger; all other occurrences relate to resources with which the resource being catalogued is merged.

Related Fields

434 ABSORBED	When the continuing resource being catalogued is merged with one or more others to form a new continuing resource which bears the same title as the continuing resource being catalogued, the record of the resource being catalogued will contain a 434 field referring to each of the titles which is absorbed and field 447 will not be used.
444 ABSORBED BY	When the continuing resource being catalogued is merged with one or more others to form a new continuing resource which bears the same title as one of the other continuing resources, the record of the resource being catalogued will contain a 444 field referring to the title which continues, and field 447 will not be used.
